

1910, ch. 466, sec. 3 (p. 166). 1912, ch. 701, sec. 3.

31. Persons buying or procuring any of the above mentioned products shall not use or dispose of the same until assured in writing by the person from whom the tuberculin is received that its delivery to said person has been reported to the director of the State Laboratory for Biological Products, or unless they have themselves reported its receipt to the said director, with information required to be furnished by those who distribute such products; and such persons buying or procuring such products shall keep a correct record of the amount received, the amount used and the amount on hand, and shall report these facts whenever any of these products left on hand are not deemed fit for use, or are not to be used, said person shall forward the same to the director of the State Laboratory for Biological Products, with a statement of where and when procured, the amount procured at the time, the amount used, and his name and address. If the amount forwarded to the director of the State Laboratory for Biological Products, and the amount used, do not total the amount procured or purchased, a satisfactory statement shall be made as to what became of the remainder.*

1910, ch. 466, secs. 4, 5 & 6 (p. 167). 1912, ch. 701, secs. 4, 5 & 6.

32. No person shall treat any animal with any material or substance nor in any manner for the purpose of preventing normal reaction on the part of such animal to the tuberculin, mallein or other test.

No person shall knowingly sell or offer for sale any animal that has reacted to the tuberculin, mallein or other test, without giving information of such reaction to the purchaser.

No animal that has reacted to the tuberculin, mallein or other test shall be sold or removed from the premises where the test was made without permission in writing from the State veterinarian.*

1910, ch. 466, sec. 7 (p. 167). 1912, ch. 701, sec. 7.

33. The selling, giving away or distribution of vaccines, or biological products containing living organisms, to be used for the immunizations of the cattle against tuberculosis, glanders or other diseases of live stock, is hereby prohibited, except as hereinafter provided. An order of a doctor of medicine or graduate veterinarian, who has been admitted by the representative State boards to practice in Maryland, in either case the doctor or veterinarian shall accompany the order for the material, with a statement containing the name and address of the owner of the animals it is proposed to treat, and the object of the treatment; and the said doctor or veterinarian shall state over his signature that he will be personally responsible for the proper use of the vaccinating material or other biological product. The original of the order shall be kept on file by the vendor or distributor, and a copy

*The act of 1912, chapter 701, went into effect September 1, 1912.
